

Information

Overview

Partners is a one-to-one tutoring program for low literacy English speaking adults in Surrey and White Rock. We tutor reading, writing and math.

Tutors

Tutors are volunteers who have been screened and trained. Some have a teaching background and some do not. All our tutors are patient and friendly.

Learners

Learners must be

- adults
- living or working in Surrey or White Rock
- fluent in English - this is not an ESL program

Some of our learners didn't finish high school and some of our learners did. All our learners do not have the reading, writing or math skills they need to move forward in their lives. We are a great first step for people who cannot or do not want to go to formal classes.

How It Works

Tutor and learner work together to come up with a learning plan based on the learner's needs. Learners might want to study for a test (like a driver's license or FoodSafe), go back to school, finish a course, or just improve their literacy. Tutor and learner meet 1-2 hours per week in a public space such as a library.

Is The Program Free?

Yes!
